\_\_\_\_\_

### C. Procedure:

1. Company/utility/contractor makes an application for a road bore.
  2. Field inspection, design, and recommendations are made by Township Road Supervisor.
  3. Contractor signs permit and permission is formally granted to bore road.
  4. Contractor notifies Township Road Supervisor for inspection **during installation.**
- Hours: Mon – Fri, 7 – 3:30

### D. Permit:

#### Applicant's Statement:

The applicant agrees to bore road three (3) feet below bottom of existing ditch at the location indicated by the Field Inspector. Bore must be behind the ditch line. The owner accepts full responsibility for the maintenance of this installation forever. Failure to properly maintain this installation shall void the owner's permit.

Signed: \_\_\_\_\_, Owner  
Date: \_\_\_\_\_

#### Authorization:

Permission is hereby granted to the applicant to bore road as described herein. The Township reserves the right to remove any, or all defective pipes after this permit is voided.
